

**Parents and Friends Community
Annual General Meeting 2018**

2018 Treasurer's Report – Year to Date

The Parents and Friends Community have had another successful year organizing community fundraising events, raising a total of **\$16,120.74**. As of today, there are no moneys owed to the PFC (as Norwest returned lost/non-deposited funds of \$400.00 dating back to February 2017) and we have no debts, therefore we are in a great position to start giving back to the school community in 2019.

Several fundraising events were successfully held throughout the school year. The top three fundraising events for 2018, in terms of revenue raising, were:

1. Parent Trivia Night (\$7057.25 profit)
2. Student Disco (\$1755.80 profit)
3. Bake & Make Sale (\$835.50 profit)

These three events made up 86% of monies raised for the year.

Fundraising Profits For 2018

The Trivia Night has been the top fundraising activity every year since 2014, when the school first opened its doors at Saltwater Coast.

Last year the School Free raffle came in at second place, but wasn't as heavily supported this year. Reasoning for this may be it wasn't as heavily promoted this year, or people weren't happy or comfortable using the online pay system, or there simply was more excitement in entering the raffle last year as this fundraising event had never been offered at SMOC before. The Student Disco came in at 3rd place in 2017, with the Bake Sale coming in at a close 4th.

As of the 1 November 2018, the year to date financial position was:

Raised Funds: \$16,120.74
Expenses: \$ 4,652.38
Profit: \$11,468.36

This profit, combined with previous year's funds, leaves us in a position of having **\$52,237.47** in the PFC bank account.

There were no donations or purchases in relation to project funding made this year.

Total Yearly Profits

The Parents and Friends Committee's key focus for the 2019 school year should be to give back to the school community. This process of giving back has already been initiated by the recent survey conducted in September 18, directly asking parents what they want to see their fundraising efforts spent on. Also, a draft calendar of fundraising events for 2019 would greatly assist the PFC to plan and get community involvement to run all events successfully throughout the year.
